**3:30 – 3:45 Break**  
**3:45-4:30 Putting**

With an understanding of the basic fundamentals, the game of golf can offer unlimited business networking opportunities, not to mention a lifetime of recreational opportunity. Ladies, this is your chance to get into the game! Designed to educate women newcomers to the game of golf, the clinic will include an introduction to basic techniques, rules, both written and unwritten, etiquette, and an overview of golf equipment, technology and fashion. The event will also help dispel common myths associated with the game of golf, including the idea that the game is solely for affluent businessmen. No experience is necessary to enroll in the clinic, and golf clubs will be provided.
